

65 Series Partitions

1. Single glass design

2. Can be used as a swing door with an outer frame

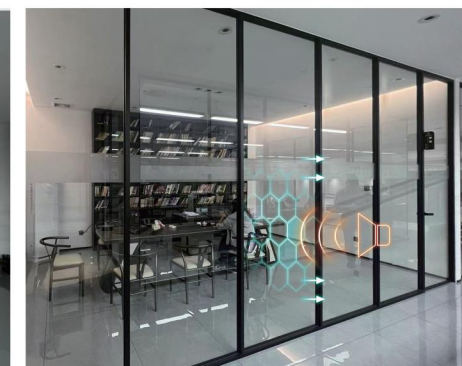

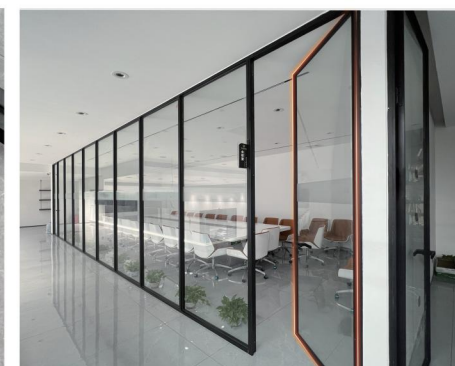

3. Better sound insulation

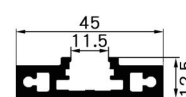

4. Can be made higher than three meters and separate the places

1.PRODUCT DETAILS

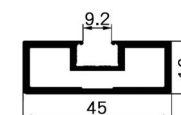

2.CAD——65 SERIES

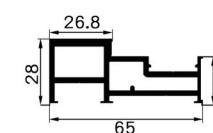

WB-10005

Name : door frame
Weight : 0.71 kg/m

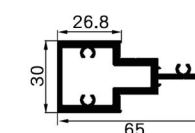

SK478H

Name : single glass door frame
Weight : 0.664 kg/m

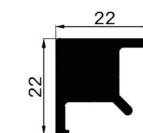

WB-28014

Name : 65 partition outer frame
Weight : 1.21 kg/m

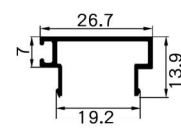

WB-28015

Name : 65 partition centre frame
Weight : 1.33 kg/m

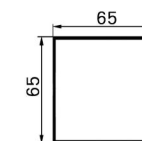

WB-28034

Name : 65 partition corner edge
Weight : 0.68 kg/m

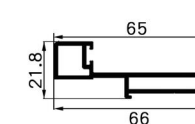

WB-28016

Name : 65 line of pressure
Weight : 0.15 kg/m

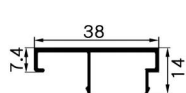

G65-65

Name : 65*65 square tube
Weight : 1.04 kg/m

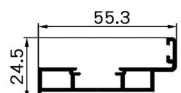

WB-28017

Name : 65 partition door attachment
Weight : 0.65 kg/m

WB-28035

Name : 65 partition border cover
Weight : 0.22 kg/m

WB-16034

Name : door frame collision cover
Weight : 0.50 kg/m

3.ACCESSORIES

bracket 1# for the partition outerframe connection match DG-28014

bracket 2# for the partition outerframe connection match DG-28014

bracket for swing door outer frame connection match DG-28017

bracket 3# for the partition outer frame 90°corner connection match DG-28014

bracket for centre frame connection match DG-28015

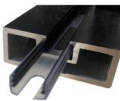

door panel frame connect corner

magnetic handle lock

top & bottom pivot hinge for swing door

8mm glass plastic transfer bracket--2.4m length with holes

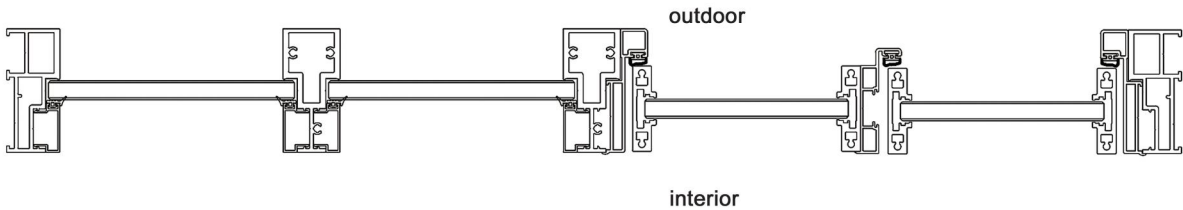

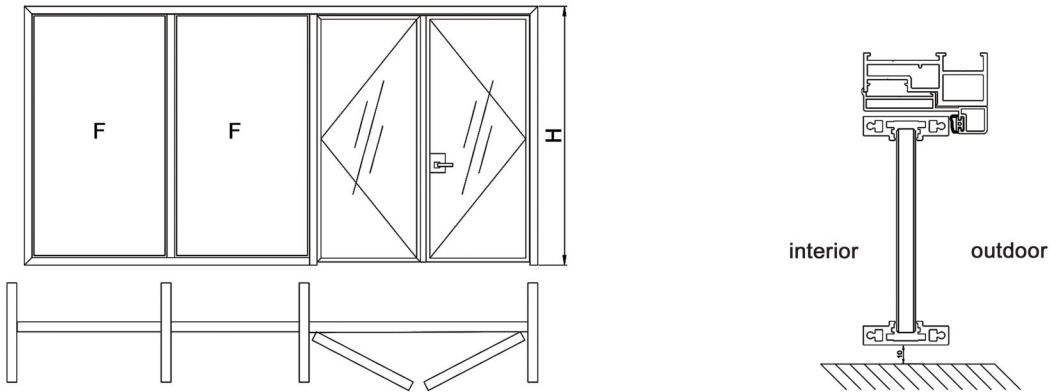

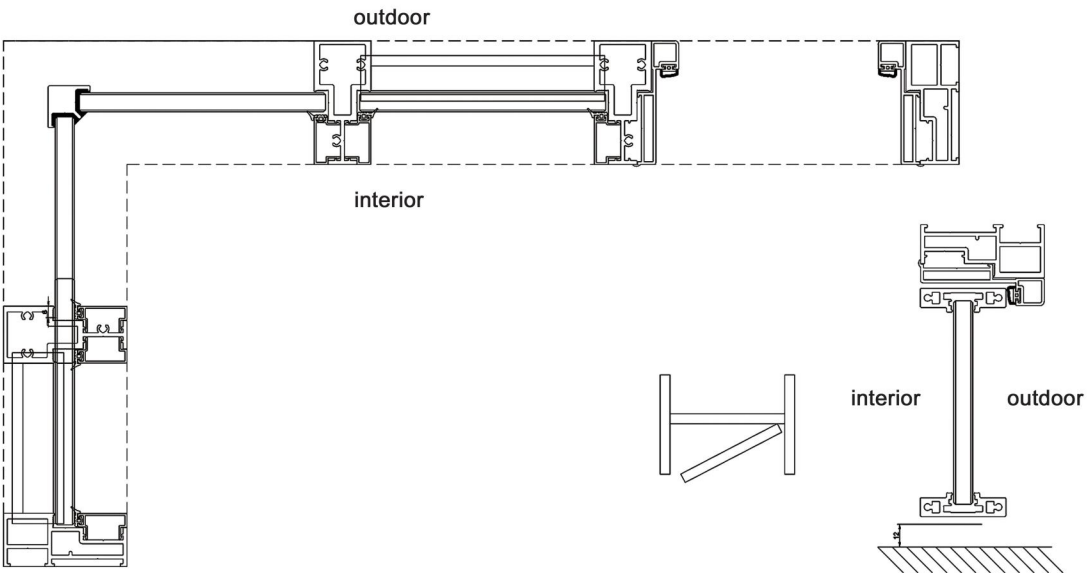

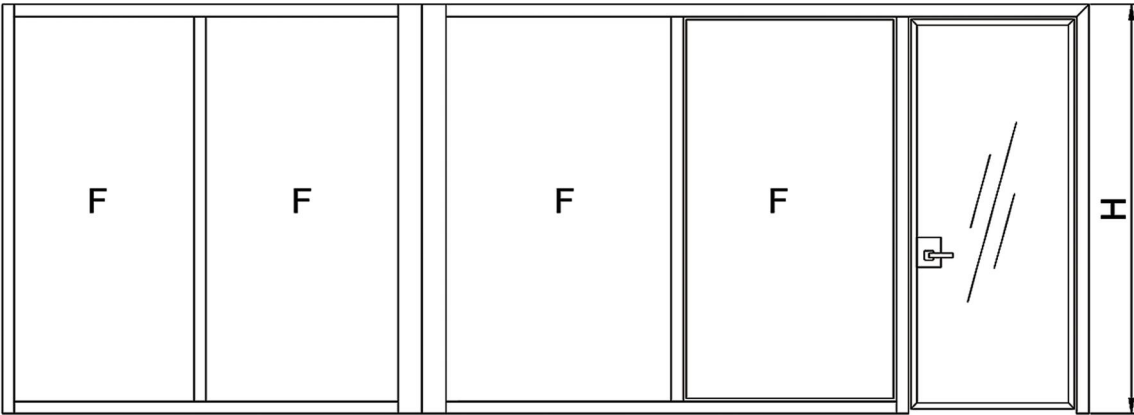

swing door outer frame anti-collision rubber strip

8mm glass rubber for partition clip profiles match DG-28016

4.ASSEMBLY DRAWING

50X Series Partitions

1.PRODUCT DETAILS

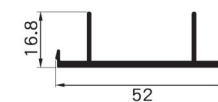

(old style - 90mm width with frame)

VS

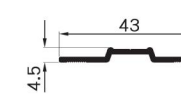

(new style-hidden frame glass surface)

2.CAD——50X SERIES

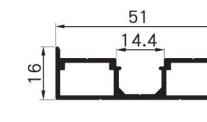

WB-80014

Name : 50X upper frame cover
Weight : 0.399 kg/m

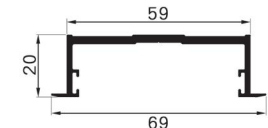

WB-80015

Name : 50X lower fixing
Weight : 0.199 kg/m

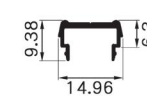

WB-104B06

Name : RS single rail frame
Weight : 0.533 kg/m

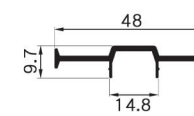

WB-80013

Name : 50X upper frame
Weight : 0.635 kg/m

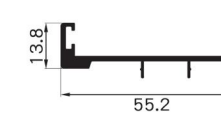

WB-80016

Name : 50X door fixing
Weight : 0.095 kg/m

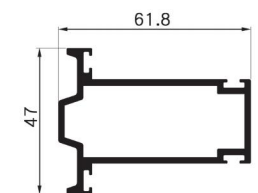

WB-80018

Name : fixed glass splicing strip
Weight : 0.278 kg/m

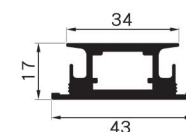

WB-80019

Name : 50X door closing
Weight : 0.395 kg/m

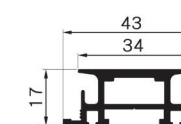

WB-80020

Name : T-shaped corner
Weight : 1.166 kg/m

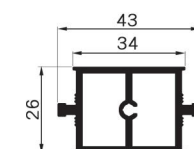

WB-2S001

Name : 2S hollow door frame
Weight : 0.778 kg/m

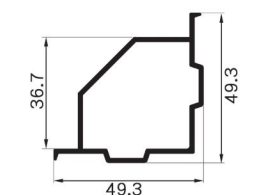

WB-2S002

Name : 2S hollow micro upper and lower frame
Weight : 0.631 kg/m

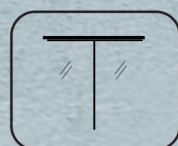

WB-2S003

Name : 2S hollow column
Weight : 0.841 kg/m

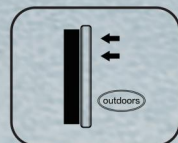

WB-80021

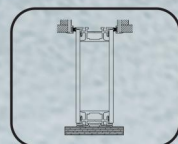

Name : L-shaped corner
Weight : 0.713 kg/m

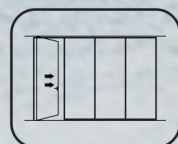

1. New 50x series, hidden frame glass surface vision

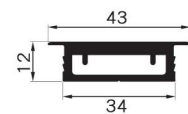

2. Glass is glued to the outside of the frame, which is more convenient to install

3. Can be made into single glass and double glass, with narrower door frame

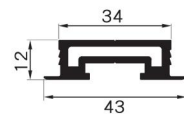

4. Can be made into pivot swing door without outer frame

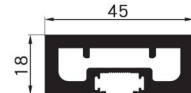

WB-2S004

Name : 2R hollow door frame
Weight : 0.678 kg/m

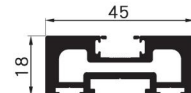

WB-2S005

Name : 2R hollow micro upper and lower frame
Weight : 0.602 kg/m

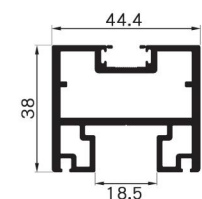

WB-18009

Name : 18X door frame
Weight : 1.219 kg/m

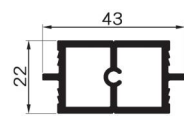

WB-18010

Name : 18X micro upper and lower frame
Weight : 1.042 kg/m

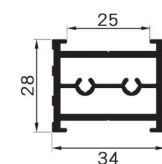

WB-18011

Name : 18X high upper and lower frame
Weight : 1.316 kg/m

WB-2S006

Name : 2R hollow column
Weight : 0.746 kg/m

WB-2S007

Name : 2R inner frame
Weight : 0.812 kg/m

3.ACCESSORIES

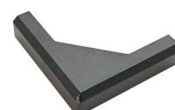

bracket for 2S double glass frame
connection match DG-2S001 & DG-2S002

desiccant

plastic bracket for middle pole

decoration cover for 90 degree
corner profile match DG-80021

brush strip for top outer frame

top & bottom pivot hinge for swing door

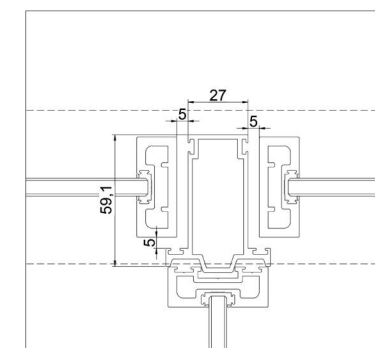

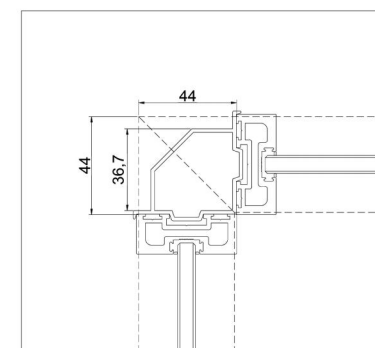

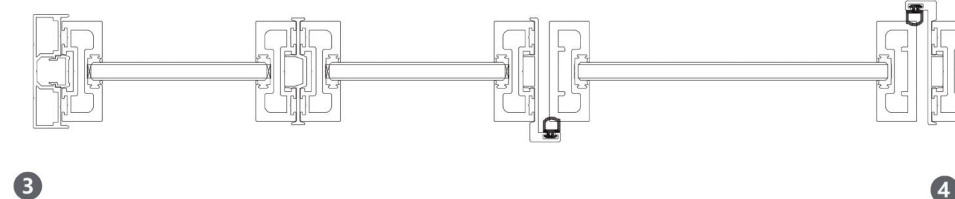

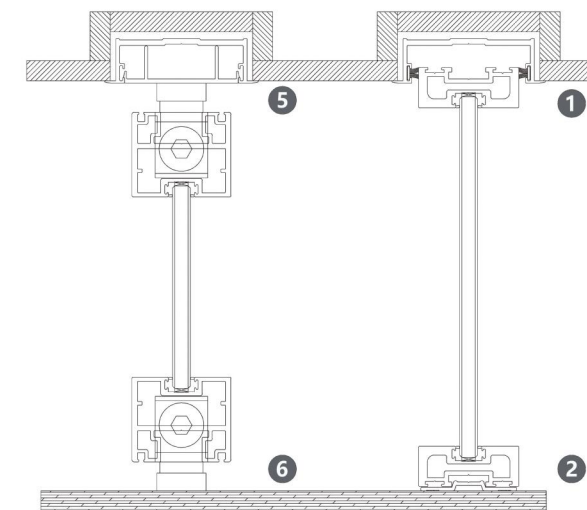

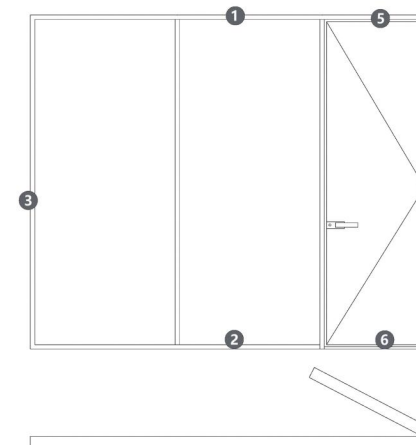

magnetic handle lock

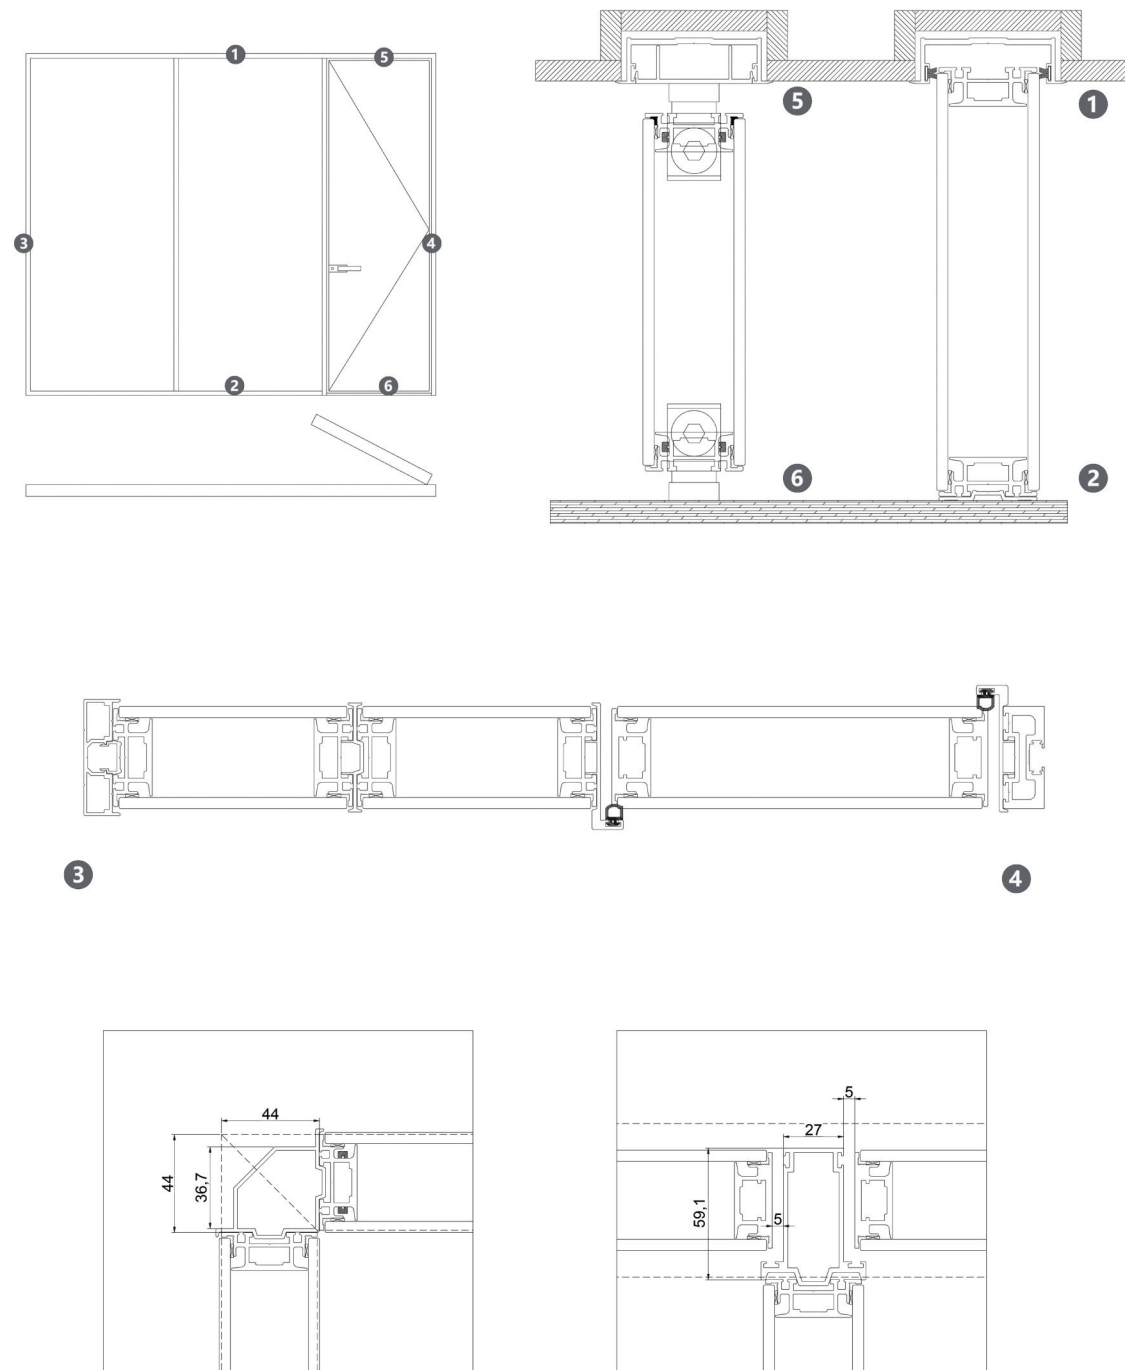

swing door outer frame anti-
collision rubber strip

4.ASSEMBLY DRAWING (18X SINGLE GLASS)

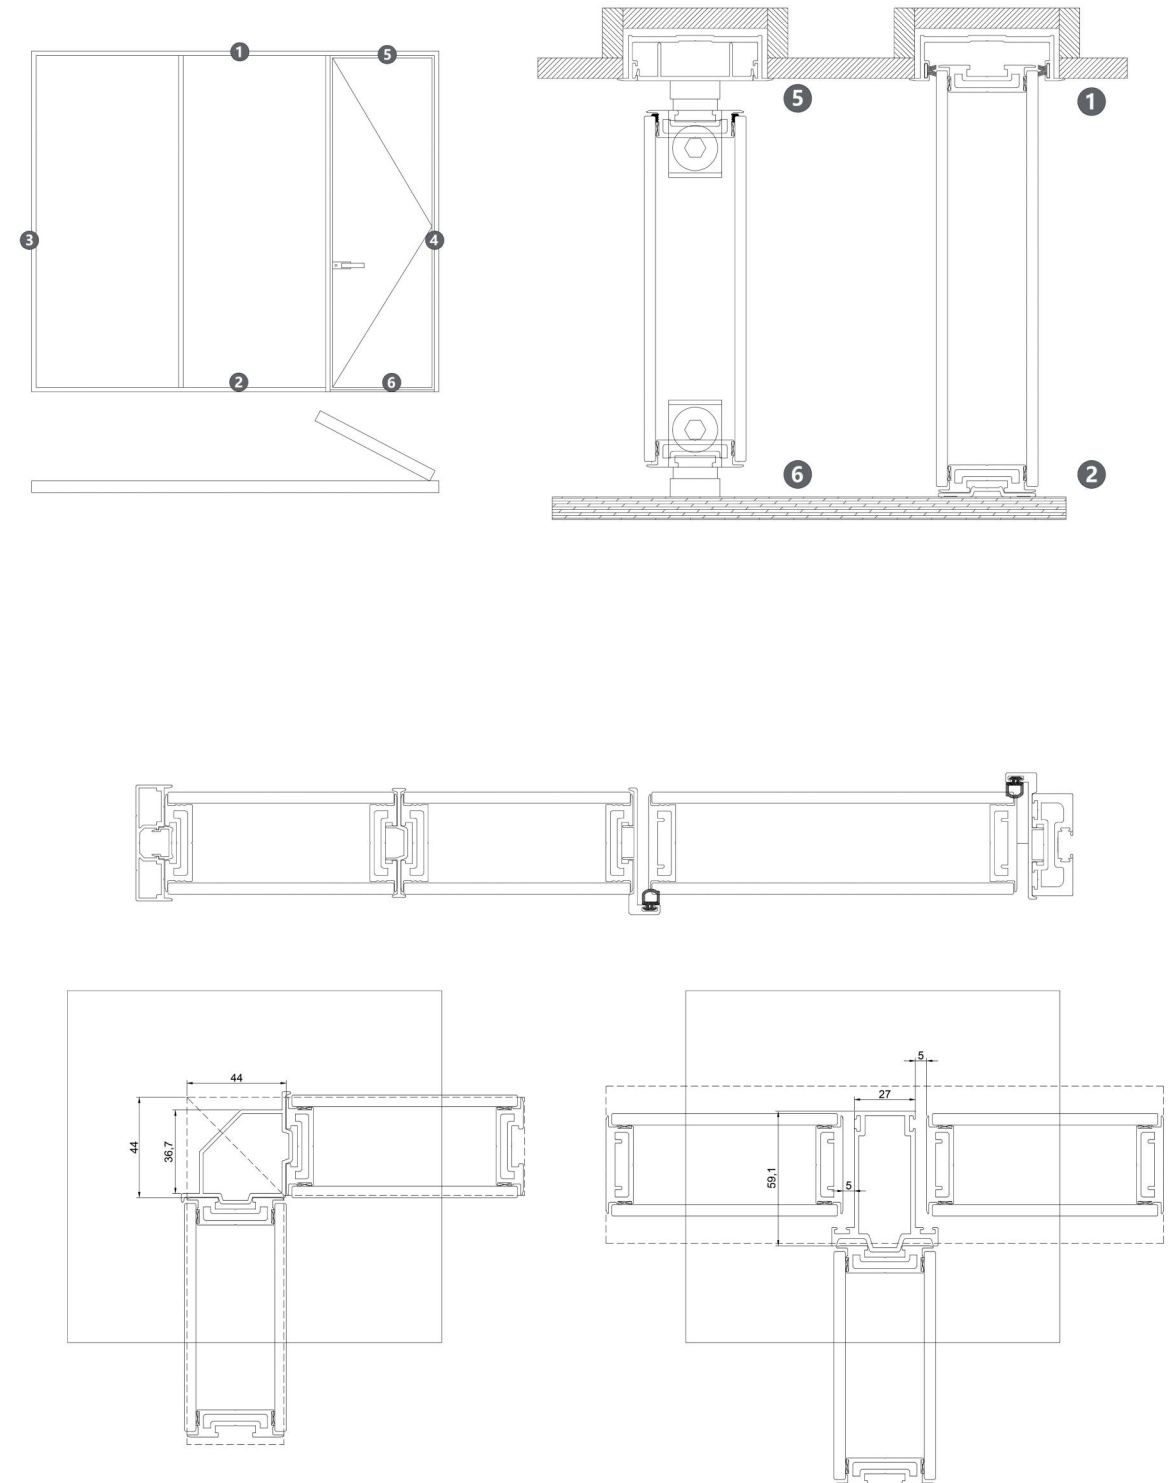

5.ASSEMBLY DRAWING (2S DOUBLE GLASS)

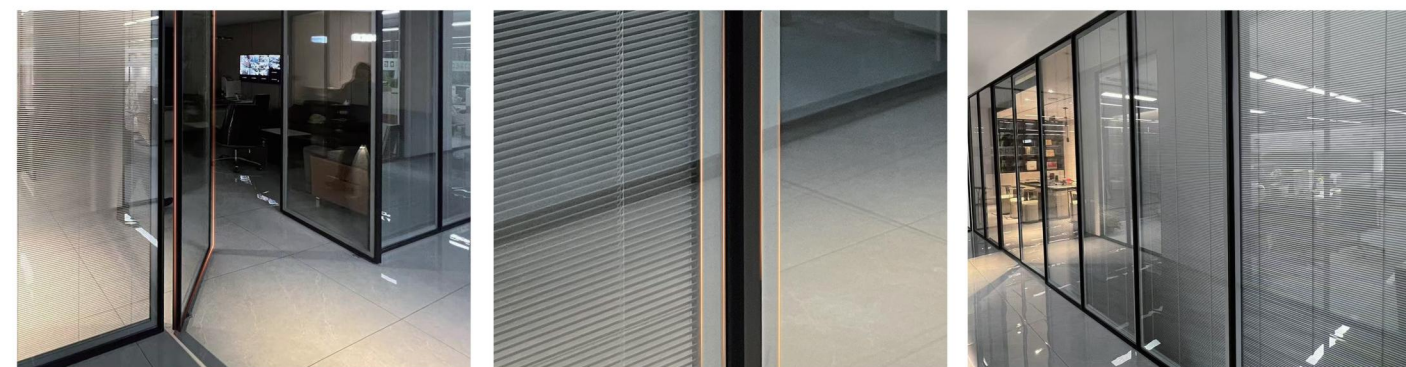

6.ASSEMBLY DRAWING (2R DOUBLE GLASS)

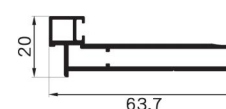

80 Series Partitions

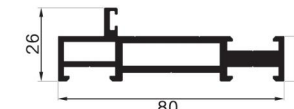

1.PRODUCT DETAILS

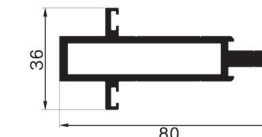

2.CAD——80 SERIES

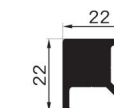

WB-80003
Name : 80 attached frame
Weight : 0.693 kg/m

WB-80001
Name : 80 side frame
Weight : 1.149 kg/m

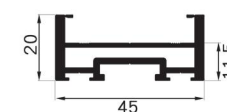

WB-80002
Name : 80 center column
Weight : 1.558 kg/m

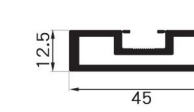

WB-28034
Name : partition corner closing
Weight : 0.68 kg/m

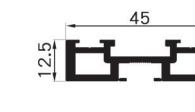

WB-80008
Name : 20S double glass door frame
Weight : 0.934 kg/m

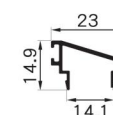

WB-80009
Name : 20S double glass micro upper and lower frame
Weight : 0.772 kg/m

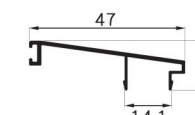

WB-12008
Name : 12X door frame
Weight : 0.711 kg/m

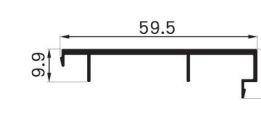

WB-12009
Name : 12X micro upper and lower frame
Weight : 0.68 kg/m

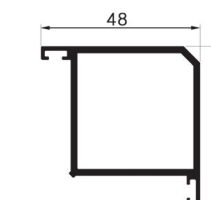

WB-80005
Name : 23 skew clip
Weight : 0.159 kg/m

WB-80006
Name : 47 skew clip
Weight : 0.239 kg/m

WB-80017
Name : 80 outframe closing
Weight : 0.374 kg/m

WB-80007
Name : double glass corner column
Weight : 0.903 kg/m

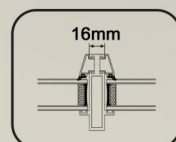

1. Strengthen the outer frame, stronger and better load-bearing

2. Can be made into single glass or double glass

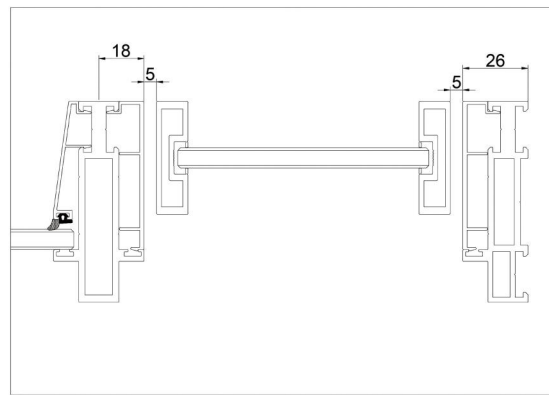

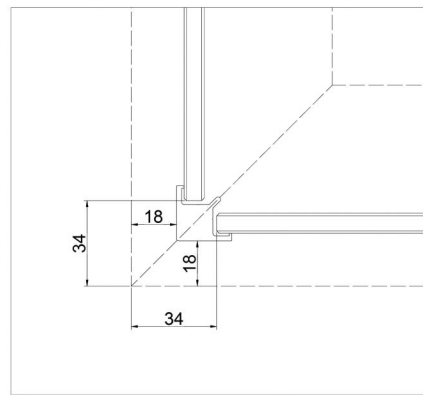

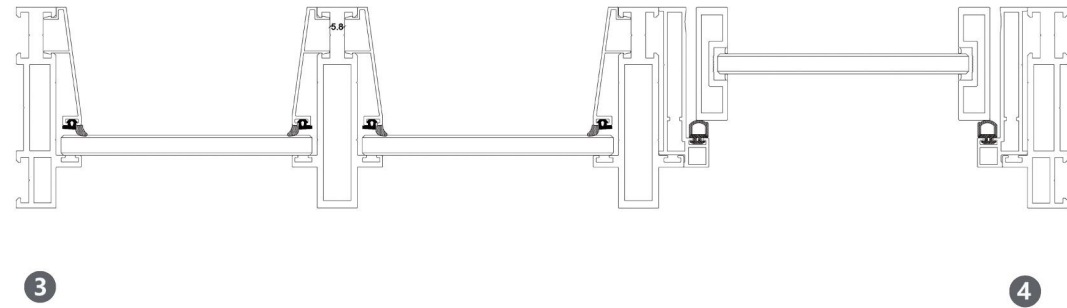

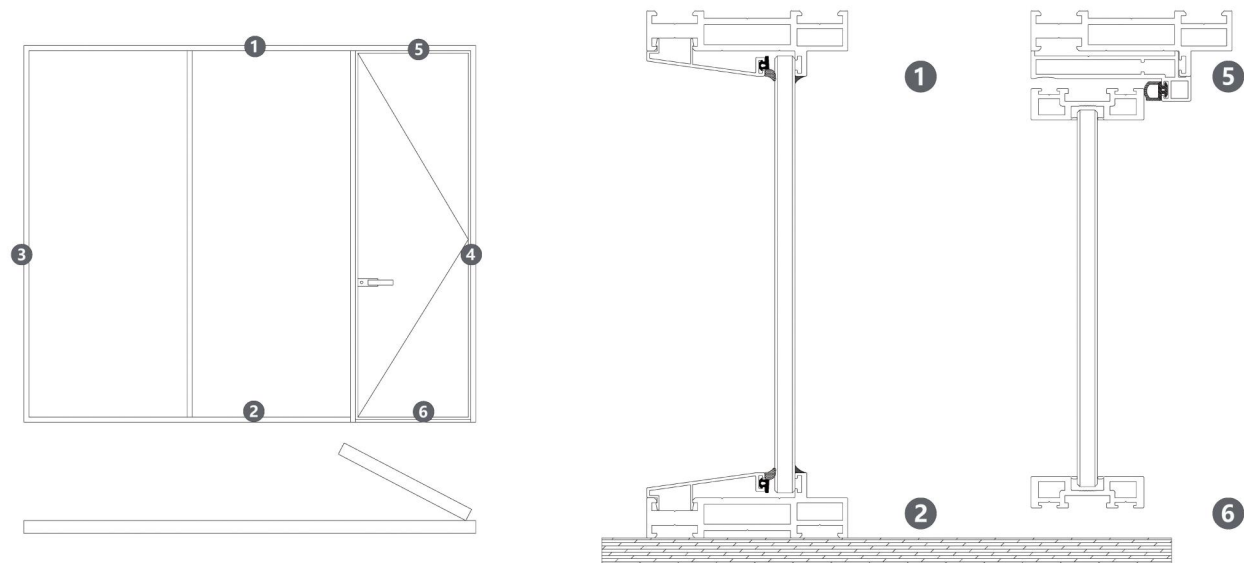

3. Can be installed with blinds and double-opening doors (pivot doors)

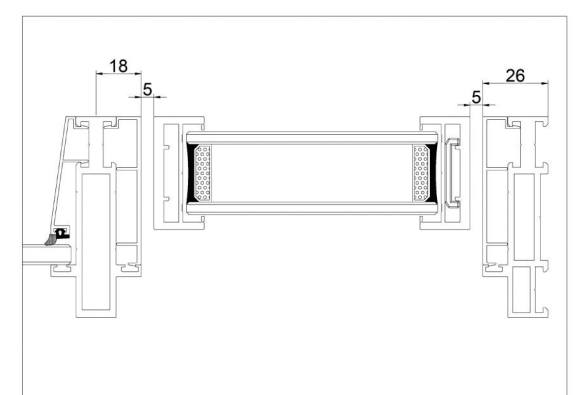

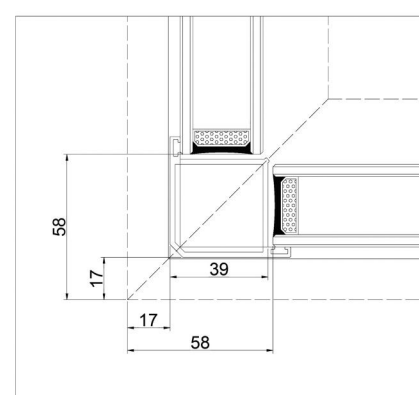

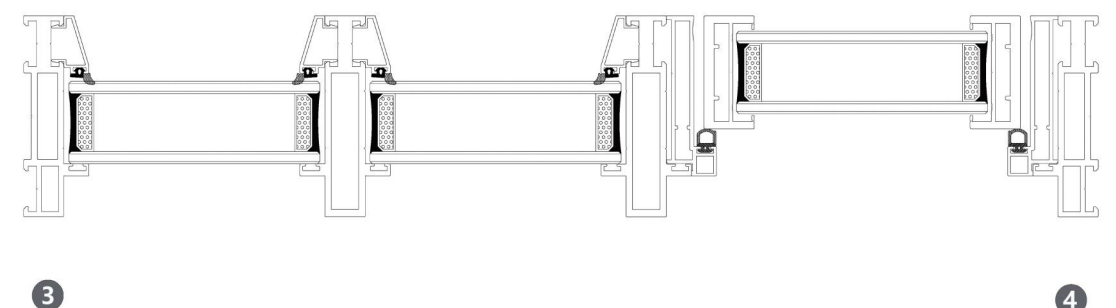

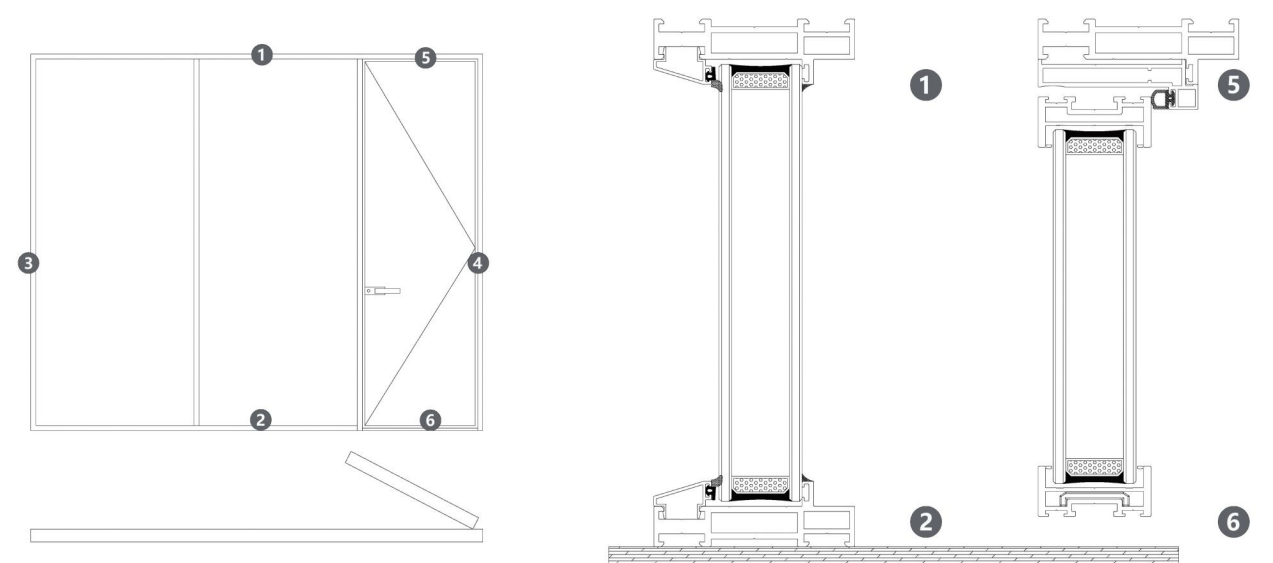

4. Visible surface 16mm

3.ASSEMBLY DRAWING (SINGLE GLASS)

4.ASSEMBLY DRAWING (DOUBLE GLASS)

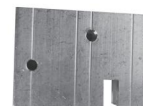

5.ACCESSORIES

bracket for outer frame B#

bracket for outer frame A#

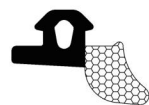

bracket for middle frame

top & bottom pivot hinge for swing door

magnetic handle lock

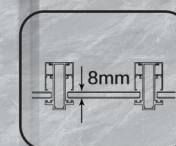

anti-collision rubber strip for
swing door outer frame

swing door outer frame anti-
collision rubber strip

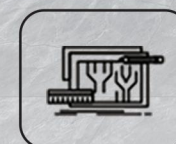

45KW Series Partitions

1. 8mm single glass

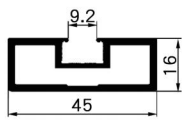

2. Angle code connection, easy installation

3. Can be made into a cross-partition design

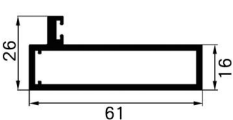

1.CAD——45KW SERIES

SK478H

Name : vertical door frame

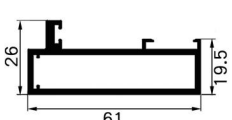

Weight : 0.664 kg/m

X648

Name : trim

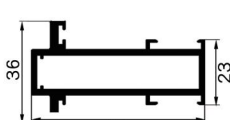

Weight : 0.911 kg/m

S467

Name : side column

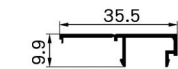

Weight : 0.944 kg/m

S468

Name : center column

Weight : 1.089 kg/m

D-A544

Name : line of pressure

Weight : 0.153 kg/m

2.ACCESSORIES

aluminum frame corner code

corner cleat

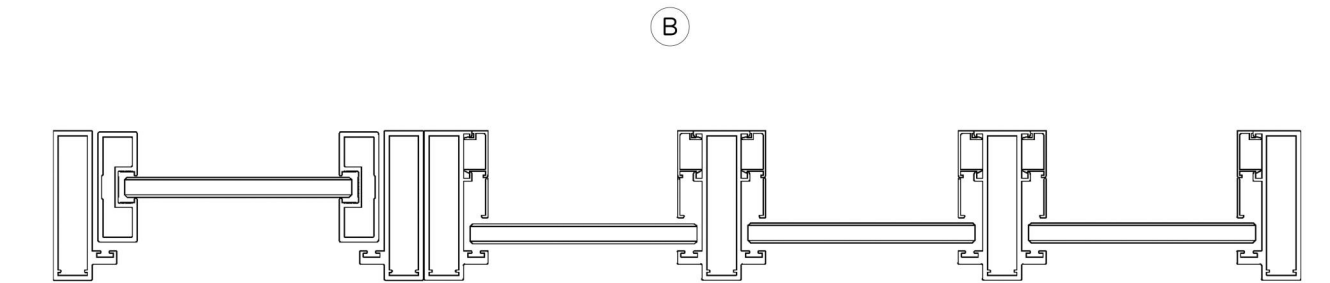

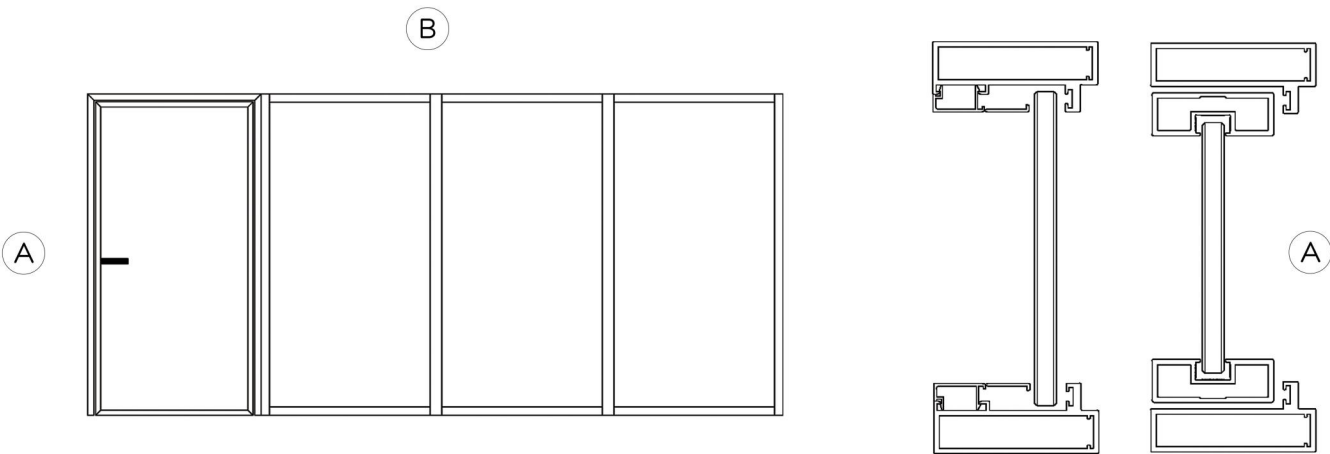

rubber strip

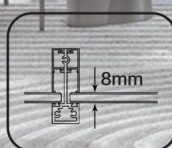

flush door lock

3.ASSEMBLY DRAWING

45MT Series Partitions

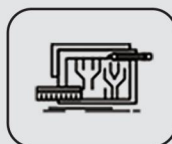

1. 8mm single glass

2. Requires CNC milling and screw splicing

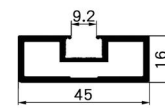

3. Profiles are in stock, simple materials

4. Glass sticker grille design

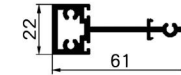

1.CAD——45MT SERIES

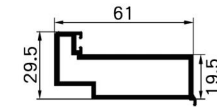

SK478H

Name : vertical door frame
Weight : 0.664 kg/m

D-A543H

Name : center column
Weight : 0.847 kg/m

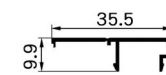

D-A541

Name : push in door Jamb
Weight : 0.883 kg/m

D-A542

Name : push in door Jamb
Weight : 0.757 kg/m

D-A544

Name : line of pressure
Weight : 0.153 kg/m

ZH190

Name : decorative strip (for aluminum)
Weight : 0.577 kg/m

GT059

Name : lock material
Weight : 0.21 kg/m

2.ACCESSORIES

perfect angle screw

SK478 single glass corer
code (universal C,D type)

aluminum corner code

ecological door external
hinge-6216

SK478H inner glue 8mm
carc strip-7454

latch-5170

SK703 stainless steel corner
screws(fat material)-9012

3.ASSEMBLY DRAWING
