LISHUAI FILM & TELEVISION EQUIPMENT

PRODUCT CATALOGUE

2023/2024

Yuyao Lishuai Film and Television Equipment Co., Ltd. was founded in 2002. It is a comprehensive lighting solution provider integrating R&D, production, sales and service with film and television and photography lamps as the core.

Lishuai Film and Television specializes in the field of film and photographic lighting, with a strong focus on product innovation and development. Its business segments include LED Monolights, flat panel lights, full-color video lights, portable video lights, and lighting accessories. The company is committed to continuously improving its product design, and reinforces its investment in Research & Development, to ensure that its customers receive the highest-quality and most reliable lighting solutions.

Lishuai Film and Television creates a beautiful world of light and shadow.

■ Product Specifications

Model	2000X pro
Power	1000W max
Beam angle	90°
Color temperature	2700K(±200K)-6500K(±300K)
CRI	≥95
TLCI	≥96
Dimming range	0-100.0%
Working voltage	AC100-240V,DC48-60V
Heat dissipation system	Heat pipe radiator, temperature controlled fan (automatic control fan)
Light body size (with stand adapter)	313x352x498mm
Weight	7.25kg (Lamp body) 7.7kg (Control Box)

CCT Illumination Distance	2700K	3200K	4400K	5600K	6500K

FOCUS 2000X PRO

A Shining Star
FOCUS 1000D Pro

• Super Bright
1000W high brightness COB, imported original high-power light source, with brightness comparable to 1.8K traditional HMI light

• Ultra-Hardcore
High strength rainproof grade,
light body and controller unaffected by heavy rain spray
and can easily cope with -20℃-45℃ temperatures

• Super Control
Lishuai Wireless APP Control, Wireless DMX Control,
Wired DMX Control, LumenRadio CRMX control

• Super Depth
0-100% ultra deep light control technology,
precise control of brightness limits

• Super Smooth
Smooth and uniform 0-100% dimming with minimal
light decay ≤1% within 6000 hours,
significantly exceeding industry standards.

• Super Quiet
NOCTUA cooling fan with built-in NTC temperature self-checks,
ensuring automatic fan speed control for silent and efficient cooling.

• Super Color Rendering
CRI≥95, TLCI≥95, restore true color representation

■ Product Specifications

Model	1000D pro
Power	1000W
Beam angle	90°
Color temperature	5600K(±300K)
CRI	≥96
