ENTERPRISE

BRIEF INTRODUCTION

Established in 2008, we are a first-line factory with powder coating lines, anodizing lines and ten extrusion lines of different aluminium bar diameters, with an annual production capacity of over 30,000 tonnes.

Our main products are aluminium profiles, including aluminium profiles for interior doors, aluminium cabinet doors and handles, and glass cabinet profiles.

During the last decade of development and growth, Waybom aluminium has always adhered to the entrepreneurial spirit of focus and professionalism and will continue to provide quality products and professional services to our customers. Currently Waybom aluminium has developed foreign business in more than ten countries and regions such as Saudi Arabia, South East Asia and Africa.
