

OUMINGLANG SUPER DPS CONCRETE WATERPROOFING APPLICATION IN INDUSTRY AND CIVIL ENGINEERING, COMMERCIAL AND RESIDENT

Application parts: basement concrete structure self-waterproofing; roof waterproofing coating; building exterior wall, waterproofing; indoor elevator foundation pit, kitchen, bathroom, Living room waterproofing, swimming pool, building waterproofing repair projects.

OUMINGLANG SUPER DPS CONCRETE WATERPROOFING APPLICATION IN BRIDGE, ROAD AND TUNNEL

Application parts: Bridge deck waterproofing; tunnel engineering waterproofing; port and shipping terminal engineering waterproofing and anti-corrosion, High-speed railway tunnel waterproofing project

OUMINGLANG SUPER DPS CONCRETE WATERPROOFING APPLICATION IN DAM

Application parts: Anti-cracking and anti-seepage of the rockfill face dam surface, anti-carbonation, anti-frost heave and ice pullout, anti-bacterial and algae resistance, and improved durability of hydraulic concrete, waterproofing of water-conveying tunnel concrete, and prevention of calcium loss, Generator room anti-condensation

OUMINGLANG SUPER DPS CONCRETE WATERPROOFING APPLICATION IN MUNICIPAL PROJECT

Application parts: Comprehensive municipal pipe gallery structure, water reservoir, sewage treatment tank, garbage treatment tank
